At the voters' meeting of the congregation last night there were many words of encouragement to continue teaching our children God's Word at St. John's Lutheran School. We will be looking forward to our next school year to see what blessings God has planned for the school.

The voters also passed a motion to request the executive committee of the congregation to investigate the possibilities of reaching out with information about our church and school. This could involve using students from Martin Luther College or Michigan Lutheran Seminary during the summer to visit the surrounding neighborhoods. It may also involve a coordinated group effort of our nearby WELS/ELS churches. After the executive committee meets, we hope to have more information to share.

We are very grateful for some special gifts recently that have helped us weather some of the current financial challenges.

Now the congregation has been asked to increase their general weekly offerings as an indication of additional support to keep our church and school financially sound. The coming weeks and months will be very significant in answering that request. May God grant His people at St. John's many blessings in this endeavor.
