# *Semper Paratus...*

# *..Always Prepared!*

The United States Coast Guard motto, "Always Prepared" is a good one for those who must, at a moment's notice, respond to danger and disaster. Immediate effective response is vital, especially when lives are at stake.

When you think about it, "Always Prepared" is a good motto for living in today's world.

Technology and every aspect of our daily life is moving fast. It is said, ironically, that the only constant today is change. The gap between what we need to know and when we must know it is getting smaller and smaller, and no place feels the pinch of this narrowing gap more than a school.

St. John's Lutheran School is preparing its students to live successful and meaningful lives in this very complex world. Our school is doing something even more important. It's preparing students and their families to live forever in heaven with their Lord and Savior, Jesus Christ.

## **PREPARING CHILDREN**

***Spiritually***  
***Academically***  
***Emotionally***  
***Physically***

In our technologically advanced world, the bar has been raised. Preparing children to meet the needs of the 21<sup>st</sup> century is a primary goal. Doing it in a manner that sensitively recognizes varying degrees of ability, yet nurtures all students to reach their highest, God-given potential is the objective.

St. John's offers its students a focused and balanced curriculum in mathematics, reading, science, language arts, social studies, and technology that is appropriate, up to date, and challenging.

Student progress is regularly assessed, and parental partnership in their children's learning is eagerly sought. Students in our school repeatedly score above the national norms on standardized achievement tests. Our teachers are highly qualified professionals.
